The Municipality of Tábua, through its Fire Victim Support Office, verified the need to suppress some of the shortcomings felt after the tragedy. In this way, the following needs for goods and supplies were identified:

- Diapers for babies and the elderly;
- Linen;
- Blankets;
- Bath towels;
- Adult trousers;
- Clothing for adolescents;
- Milk;
- Canned food;
- Baby food (flours);
- Water;
- Juice;
- Fruit;
- Cereal bars;
- Cookies;
- Straw and ration (for animals whose land were affected by the flames, with nothing to feed them) *.

Help us to help and join this solidarity campaign, with the donation of these goods in the Social Shop, located in the building of the Municipal Market of Tábua.

** You must first inform the Fire Victim Support Office present in the City Hall building, in order to expedite delivery.*
